

AmeriCorps State 2011

Notice of Funding Opportunity

November 5, 2010

Part 1: Tennessee State Specific Information

Programs applying for AmeriCorps funds to operate exclusively within Tennessee must apply through Volunteer Tennessee (the Commission). The Commission receives funding from the Corporation for National and Community Service (the Corporation).

Overview

The mission of the Corporation for National and Community Service (the Corporation) is to improve lives, strengthen communities, and foster civic participation through service and volunteering. For more than fifteen years, the Corporation—through its Senior Corps, AmeriCorps, and Learn and Serve America programs—has helped to engage millions of citizens in meeting community and national challenges through service and volunteer action.

On April 21, 2009, President Obama signed the Edward M. Kennedy Serve America Act, the most sweeping expansion of national service in a generation. This landmark law not only expands service opportunities, but also focuses the service investment on producing outcomes on key issues; expanding opportunities to serve; building the capacity of individuals, nonprofits, and communities to succeed; and encouraging innovative approaches to solving problems.

In alignment with the Serve America Act, this AmeriCorps State Notice of Federal Funding Opportunity will focus AmeriCorps grantmaking in six Focus Areas identified by the Act:

- Disaster Services
- Education
- Environmental Stewardship
- Healthy Futures
- Opportunity
- Veterans and Military Families

In order to carry out Congress' intent and to maximize the impact of the investment in national service, the Commission is seeking to fund programs that can demonstrate an evidence-based approach to creating community impact and solving community problems.

In the AmeriCorps State Formula competition this year, the Commission especially seeks to focus investment on service programs that serve rural communities and other parts of the State not currently served by AmeriCorps programs. This focus reflects the Commission's Goals and Objective of the 2010-2012 State Plan. In addition, the Commission seeks to increase its investment in programs that serve veterans and military families, or that engages veterans in service.

This *Volunteer Tennessee AmeriCorps State 2011 Notice of Funding Opportunity (Notice)* should be read together with the AmeriCorps regulations 45 CFR Sections 2520 – 2550 and the *Volunteer Tennessee AmeriCorps State 2011 Application Instructions (Instructions)*.

The Commission embraces the Obama Administration's emphasis on open government and is moving toward greater openness and transparency in grant making. This *Notice* includes a

description of the review and selection process in Section VI., below. In addition, the following information pertaining to this competition will be published on the Commission website (www.volunteertennessee.net) following the February 18, 2011 application deadline for Formula applicants:

- A description of the review and selection process.
- Links to external reviewer guide and training materials.
- Blank external and internal review worksheet templates.

The following information will be published for new and recompetiting applications after final funding notifications at the end of June, 2011:

- List of all applicants considered for funding.
- Executive summaries of approved applications.
- Results of external and internal review for approved applications.

For continuation applications (current grantees in year two or three of a three year cycle), the following information will be published after final funding notifications at the end of June, 2011:

- List of all continuation applicants considered for funding.
- Executive summaries of all continuation applications considered for funding.
- Results of internal review for approved continuation applications.

I. Funding Availability

This *Notice* is both for Competitive and Formula funding.

A. State and National Competitive:

State competitive and national direct programs will participate in a combined competition for \$311 million of grant funds – all budget justifications found here - http://www.nationalservice.gov/pdf/2010_budget_justification.pdf.

B. State Formula:

The Commission encourages applicants that have never received AmeriCorps funding and operate solely in the state of Tennessee, to apply for funding under this Notice. Funding for new programs could be available if an existing program is terminated for less-than-competitive-performance or if Congress approves increased funding. The Commission expects to award approximately \$2.6 million in grant funds.

C. Non-Fixed-Amount Professional Corps:

These grants are awarded to organizations that propose to operate a Professional Corps program. The Professional Corps program model places AmeriCorps members as teachers, health care providers, police officers, engineers, or other professionals in communities where there is an inadequate number of such professionals. Applicants can apply for up to \$2,500 per Member Service Year (MSY). Applicants are eligible to apply for funding for a portion of program costs, and use their own or other resources to pay the members' living allowance and additional member costs.

A new Professional Corps program in Tennessee must apply for a state Formula grant.

D. Full-Time Fixed-Amount Professional Corps

These grants are awarded to organizations that propose to operate a Professional Corps program where all members serve full-time (1700 hours). The Professional Corps program model places AmeriCorps members as teachers, health care providers, police officers, engineers, or other professionals in communities where there is an inadequate number of such professionals. Applicants can apply for up to \$2,000 per full-time member. Applicants are eligible to apply for funding for a portion of program costs, and use their own or other resources to pay the members' living allowance and additional member costs.

A new Professional Corps program in Tennessee must apply for a state Formula grant.

E. Education Awards Program (EAP):

Grantees are eligible to apply for a small grant and use their own or other resources for the members' living allowance and program costs. Applicants can apply for up to \$800 per MSY. There is no match requirement for EAP grants.

F. Full-Time Fixed-Amount (Non-EAP):

Fixed-Amount grants are for organizations that operate their AmeriCorps program with full-time members only. There is no match requirement for Fixed-Amount grants.

The Fixed-Amount grant is only available for new and re-competing applicants. Second and third year continuation applicants must submit a new application if they are interested in the Fixed-Amount grant.

II. Application

A. AmeriCorps State New Applicants:

Organizations applying for AmeriCorps funds for the first time should read this document, the Notice. New applicants must apply through the AmeriCorps **Formula** funding process by completing the new application described in the Application Instructions. Please follow the instructions completely. Organizations that have not had a program in the past five years and/or that do not currently have an AmeriCorps program must also complete the new application described in the Application Instructions.

B. AmeriCorps State Programs in the Third Year of the Grant Cycle:

The Commission will review and consider previous grant performance information for re-competing AmeriCorps programs including, but not limited to: **enrollment and retention rates; timely submission of reports and forms**. All reporting from previous grant years must be up-to-date to be considered for funding.

Three of the Commission's existing programs are in the third year of the funding cycle and must re-compete this year: Exchange Club Family Center of the Mid South, Martha O'Bryan Center, and Tennessee's Community Assistance Corporation-Community Cares. The Commission will submit these programs to the Competitive process as new programs. The Commission will also forward Porter-Leath and Vanderbilt University Medical Center to the Competitive process as new programs; however, should either of these submissions not receive Competitive funding,

they will be returned to the Formula process as continuations. Due to conditional funding requirements, AIM Center, Inc., Tennessee Community Services Agency, and Tennessee's Community Assistance Corporation-MVP must re-compete as new Formula programs.

Recompeting programs should read this document, the *Notice*, carefully and complete the new application described in the *Application Instructions*. Please follow the instructions completely.

C. AmeriCorps State Continuation Programs:

Programs originally funded in 2009 and 2010 are the only programs eligible to submit continuation requests for the 2011-2012 program year.

Ten of the Commission's existing programs are in the first or second year of the three-year funding cycle and are considered Continuation programs for 2011: Appalachia Habitat for Humanity, Clinch Powell RC&D Council, Emerald Youth Foundation, Exchange Club Carl Perkins Center, Knoxville/Knox County CAC, Memphis Teacher Residency, Memphis Tomorrow, Porter-Leath, Public Education Foundation and Vanderbilt University Medical Center/Center for Health Services. Volunteer Tennessee will forward Porter-Leath and Vanderbilt University Medical Center to the Competitive process as new programs; however, should either of these submissions not receive Competitive funding, they will be returned to the Formula process as continuations. Continuation programs should read the *Notice* carefully and complete the continuation application described in the *Application Instructions*. Please follow the instructions completely.

D. Education Awards Program New Applicants:

The cost per MSY for 2011 AmeriCorps Education Awards Programs (EAP) is unchanged at \$800. The Commission requires that each program follow the allowable cost per MSY in order to establish equity and fairness among all our programs. **Programs that submit budgets with a cost per MSY that exceeds \$13,300 will be returned for revision. The Commission will make no exceptions to this policy.**

B. Living Allowance

C. Full-Time Fixed-Amount Grants:

Organizations may apply to receive a Fixed-Amount grant for a full-time program. There is no match requirement for Fixed-Amount grants. The maximum cost per MSY is \$13,000.

I. FUNDING OPPORTUNITY DESCRIPTION

A. What is the purpose of AmeriCorps State and National funding?

The Corporation's purpose is to maximize the power of service and volunteering to improve lives in communities across the country. In the Edward M. Kennedy Serve America Act, Congress directed the Corporation to focus national service in areas where service can make a major impact, including improving education; energy conservation; the health of all Americans; economic opportunity for economically vulnerable individuals; increasing service by and for veterans; and providing disaster services.

The Corporation is carrying out Congress's intent by targeting AmeriCorps State and National funding in these six focus areas, and is developing strategic objectives for each. In accordance with the Act, through this Notice and its other activities, the Corporation seeks to:

- Direct the power of national service to solve a common set of challenges.
- Expand opportunities for all Americans to serve.
- Build the enduring capacity of individuals, organizations and communities to effectively use service and volunteering to solve community problems.
- Embrace innovative solutions that work.

AmeriCorps grants are awarded to eligible organizations to recruit, train, and manage AmeriCorps members who address community needs. An AmeriCorps member is an individual who is enrolled in an approved national service position and engages in community service. Members may receive a living allowance and other benefits while serving. Upon successful completion of their service members receive a Segal AmeriCorps Education Award from the National Service Trust.

Commission AmeriCorps grants will be awarded on a competitive basis to eligible organizations that identify a problem(s) and persuasively demonstrate how deploying AmeriCorps members and community volunteers will produce significant impact in solving the identified problem(s).

B. What are the 2011 AmeriCorps State and National funding priorities?

1. Focus Areas and National Performance Measures

A. The Corporation's Focus

As in 2010, in the 2011 competition, the Corporation expects to invest a significant amount of available funding to programs working in the six Focus Areas of **Disaster Services, Education, Environmental Stewardship, Healthy Futures, Opportunity, and Veterans and Military Families**.

In particular, as noted above, the Corporation seeks to target its grantmaking in the Education Focus Area for greater impact and increase its investment in the Focus Area of Veterans and Military Families. Accordingly, to meet these goals, the Corporation will give priority consideration to the following, in descending order of preference:

- Education programs that are focused on improving academic outcomes for children, youth, and young adults, particularly those in low-performing schools and programs that serve veterans and military families
- Veterans programs that include performance measures focused on engaging veterans in service (Veterans Performance Measures 2 or 5).
- Programs that opt into the national performance measure pilot.
- All other programs in the Focus Areas with self-nominated measures.

B. The Commission's Focus

In 2011, the Commission expects to invest a significant amount of available funding to programs working in the six Focus Areas of **Disaster Services, Education, Environmental Stewardship, Healthy Futures, Opportunity, and Veterans and Military Families**.

In particular, the Commission seeks to target grantmaking in underserved parts of the state. Accordingly, to meet these goals, the Commission will give priority consideration to the following, in descending order of preference:

- Programs where AmeriCorps members serve those in rural communities and/or in West Tennessee.
- Programs that opt into the national performance measure pilot.
- All other programs in the Focus Areas with self-nominated measures.

Applicants proposing programs in the Focus Areas are not guaranteed funding. Both, the Corporation and the Commission will pursue a balanced portfolio across the Focus Areas, and other considerations outlined below in **Section VI. B. B. What are the goals of the review and selection process?**

Brief descriptions of the six Focus Areas follow:

Disaster Services:

Grants in the Disaster Services Focus Area will help communities with disaster mitigation, preparation, response and recovery. In order to be considered aligned with this Focus Area, applicants must submit self-identified performance measures that demonstrate community and member impacts as they relate to one or more of the functional aspects of disaster services. The *Application Instructions* include definitions and examples for each of the functional areas. The measures identified by successful applicants through this *Notice* will inform the development of national disaster services performance measures in future years.

Education:

Grants in the Education Focus Area will include programs that seek to contribute to the number of students who graduate from high school and college or university. In order to achieve that goal, the Corporation seeks to increase its investment in service programs that improve academic outcomes for young children, youth, and young adults, particularly those in the lowest-performing schools.

Specifically, the Corporation seeks research- and evidence-based programs that help children and youth prepare for school; perform at grade-level; graduate from high school ready for college, work, and life; and succeed in college and university through academic engagement and civic participation.

Environmental Stewardship:

Grants in the Environmental Stewardship Focus Area will include programs that protect human health and the health of ecosystems by conserving natural resources and restoring the nation's air, water, and land. Environmental Stewardship programs may include activities that encourage organizations and individuals to use energy efficiently and utilize cost-effective renewable energy technologies; minimize waste disposal; restore watersheds and aquatic ecosystems; improve at-risk public use lands; restore critical wildlife habitat; increase soil stabilization and quality; mitigate the environmental consequences of disasters; and promote environmental sustainability.

Healthy Futures:

Grants in the Healthy Futures Focus Area will meet health needs within communities including access to care, aging in place, and addressing childhood obesity. Access to care is broadly defined and may include health insurance, culturally appropriate health care interventions, transportation, language translation, access to disease and disability prevention, health promotion initiatives, health literacy and efforts to address health disparities. Grants may support older adults, homebound individuals and disabled individuals with activities such as food delivery, transportation or other services that allow them to live independently, including evidence-based programs supported by other partner agencies such as the U.S. Departments of Health and

Human Services and Veterans Affairs. The Corporation seeks to fund programs that target risk factors for childhood obesity, including poor nutrition and physical inactivity, and that reflect the recommendations of the National Prevention Council and the White House Task Force on Childhood Obesity.

Opportunity:

Grants in the Opportunity Focus Area will meet the needs of economically vulnerable Americans, their families and their communities. Opportunity programs may include activities that assist individuals and families that are homeless or at risk of homelessness; provide financial literacy training and tools designed to improve financial security; and expand employment possibilities. Opportunity programs include those that engage economically vulnerable Americans as AmeriCorps members leading to positive employment and/or educational outcomes. The Corporation will also support programs that undertake community-based strategies to redevelop local areas that are struggling with under-investment and other barriers to economic opportunity.

Veterans and Military Families

Grants in the Veterans and Military Families Focus Area will meet the needs of veterans and family members of active duty and deployed military personnel. Veterans and Military Families programs may include activities in the areas of health, education and economic opportunity, including the elimination of veteran homelessness, educational programs for children in military families, and economic opportunities for military spouses and veterans. The Corporation is also interested in supporting programs that target disadvantaged, homeless, or formerly homeless veterans and programs that align with the efforts of the Departments of Housing and Urban Development, Veterans Affairs, Labor, Military, and Homelessness organizations.

National Performance Measure Pilot:

In 2011, the Corporation will implement the second year of the National Performance Measures Pilot. National performance measures allow the Corporation to demonstrate the aggregated impact of AmeriCorps programs. While use of national performance measures remains optional in 2011, new and re-competing applicants are strongly encouraged to use them in planning programming. Applications that include national performance measures will be given a funding priority in 2011. National performance measures are described in detail in Section VIII., below.

2. New Applicants

The Commission anticipates the funds described in this *Notice* will support applicants that have not received an AmeriCorps State or National operational grant in the last five years. The Commission does not predetermine the number of new programs added through this *Notice*. All funding decisions are made by Volunteer Tennessee's Board of Directors.

3. Encore Programs

Congress set a goal that 10 percent of AmeriCorps funding should support encore service programs. The Corporation seeks to meet that 10 percent target in this competition and encourages programs that engage a significant number of participants age 55 or older to apply.

II. AWARD INFORMATION

A. How much funding is available?

Subject to the availability of appropriations for fiscal year 2011, the Corporation anticipates availability of approximately \$311 million to award new, re-competing, and continuation AmeriCorps National Competitive grants.

Subject to availability of appropriation for fiscal year 2011, the Commission anticipates availability of approximately \$2.6 million to award new, re-completing, and continuation AmeriCorps State Formula grants. Based on recent experience and expressions of interest, the Commission anticipates that this AmeriCorps grant competition will be highly competitive.

B. What organizations are eligible for funding?

Public or private nonprofit organizations, including faith-based and other community organizations; institutions of higher education; government entities within states or territories (e.g., cities, counties); Indian Tribes; labor organizations; and partnerships or consortia are eligible. Intermediaries are encouraged to apply. The Commission encourages organizations that have never received funding from the Commission or AmeriCorps to apply for the grants described in this *Notice*. Organizations that have been convicted of a Federal crime are disqualified from receiving the assistance described in this *Notice*.

An Indian Tribe is defined as a federally recognized Indian Tribe, band, nation, or other organized group or community, including any Native village, Regional Corporation, or Village Corporation, as defined under the Alaska Native Claims Settlement Act (43 U.S.C. § 1602), that the United States Government determines is eligible for special programs and services provided under federal law to Indians because of their status as Indians. Indian Tribes also include tribal organizations controlled, sanctioned, or chartered by one of the entities described above.

III. WHAT ARE THE CATEGORIES OF AMERICORPS STATE AND NATIONAL GRANTS?

The categories of AmeriCorps State and National grants are described below. The Corporation will not provide more than one grant for the same project in one fiscal year. Also see the AmeriCorps State and National Fit Finder to decide which type of grant aligns with the proposed project (<http://www.americorps.gov/fitfinder/>).

A. National Competitive

These grants are awarded to organizations that are proposing a project that will operate in only one state and that are put forward to the Corporation by the Commission; and to organizations that propose to operate AmeriCorps programs in more than one state and apply directly to the Corporation. Applicants are eligible to apply for funding for members' living allowance and program costs.

B. Tennessee State Formula

The Commission encourages applicants that have never received AmeriCorps funding to apply for funding under this *Notice*. Funding for new programs could be available if an existing program is terminated for less-than-competitive-performance or if Congress approves increased funding.

C. State and National Professional Corps

These grants are awarded to organizations that propose to operate a Professional Corps program in a single or multiple states. Professional Corps programs that will operate in only one state are put forward to the Corporation by the Commission. Professional Corps programs that operate in more than one state apply directly to the Corporation.

Professional Corps programs place AmeriCorps members as teachers, health care providers, police officers, engineers, or other professionals in communities where there are an inadequate number of such professionals. Applicants are eligible to apply for funding for a portion of program costs, and use their own or other resources to pay the members' living allowance and additional member costs.

D. State and National Education Award Program (EAP) Fixed-Amount Grants

Organizations operating in a single state and nominated by the Commission and organizations that operate their AmeriCorps program in more than one state may apply. Applicants are eligible to apply for a small Fixed-Amount grant and use their own or other resources for the members' living allowance and program costs. Applicants can apply for up to \$800 per Member Service Year (MSY)¹. There is no match requirement for EAP grants. Unlike Full-time Fixed-amount grants, EAPs may enroll full-time and less-than-full-time members.

E. Full-Time Fixed-Amount Grants (Non-EAP)

Organizations nominated by the Commission, organizations that operate their AmeriCorps program in more than one state, organizations operating Professional Corps programs may apply to receive a Fixed-Amount grant. Full-Time Fixed-Amount grants are available for programs that enroll full-time members only. Applicants apply for a fixed amount per MSY and use their own or other resources for the remaining costs of the program. There is no match requirement for Fixed-Amount grants, but organizations must still raise the additional funds needed to run the program.

Full-Time Fixed-Amount grants are only available for new and recompeting applications. Second and third-year Continuation applicants must submit a new application if they are interested in a Fixed-Amount grant. The Corporation reserves the right to consider an applicant's continuation request if its Fixed-Amount application is not funded.

Full-Time Fixed-Amount grant applicants in the Education Focus Area will be required to select national performance measures. Applicants proposing non-education programs may select from the national measures or report on their own performance measures. All performance measures will be negotiated prior to grant selection and award. Approved applicants must agree to participate in any relevant evaluations conducted by the Corporation. One such evaluation will be designed to measure the success of this pilot, including whether Fixed-Amount grants reduce administrative burden on grant recipients.

¹ One MSY is equivalent to at least 1700 service hours, a full-time AmeriCorps position. The Corporation cost per MSY is determined by dividing the Corporation's share of budgeted grant costs by the number of MSYs you are requesting in your grant. It does not include child care or the cost of the education award.

F. Indian Tribes

The Corporation sets aside 1 percent of grant funds to support programs operated by Indian Tribes and selected by the Corporation on a competitive basis. Applicants are eligible to apply for funds for members' living allowance and program costs.

IV. WHAT ARE REQUIREMENTS THAT APPLY TO THESE GRANTS?

Program requirements, including requirements on match, are specified in the AmeriCorps regulations and summarized below.

A. What are the matching requirements for these grants?

1. Fixed-Amount Grants

There is no match requirement for Fixed-Amount grants. However, the Fixed-Amount grant does not cover all costs. Fixed-Amount grantees provide the additional resources needed to operate the program, but are not required to track or report on them. However, documents must be kept to verify sources during Commission desk reviews and monitoring visits.

2. Cost Reimbursement Grants (non-fixed-amount)

A first-time successful applicant is required to match at 24 percent for the first three-year funding period. Starting with year four, the match requirement gradually increases every year to 50 percent by year ten, according to the minimum overall share chart found in 45 CFR 2521.60.

Section 121(e)(5) of the National Community Service Act requires that programs that use other federal funds as match for an AmeriCorps grant report the amount and source of these funds to the Corporation on the Federal Financial Report.

Indian Tribal Government programs are subject to the same matching requirements. However, in Accordance with Executive order 13175, "Consultation and Coordination with Indian Tribal Governments," the Corporation may expedite approving waivers of matching requirements. Tribal governments that require a waiver must submit a request at least 60 days before the AmeriCorps application is due. For full information on applying for a Tribal waiver, send a request for instructions to TribalMatchWaiver@cns.gov.

Under certain circumstances, applicants may qualify to meet alternative matching requirements that increase over the years to 35% instead of 50 % as specified in the regulations at §2521.60(b). To qualify, applicants must demonstrate that the proposed program is either located in a rural county or in a severely economically distressed community as defined in the *Application Instructions*.

B. What are the requirements regarding member living allowance?

The proposed budget must include a living allowance for full-time members that is between \$12,100 (minimum) and \$24,200 (maximum) per member except as noted below.

For cost-reimbursement grants, this amount must be included in the proposed budget. If a program chooses to provide a living allowance to part-time members, it must comply with the maximum limits in the chart below. While Full-Time Fixed-Amount grant applicants don't submit detailed budgets, they are still required to provide a living allowance to members that

comply with the minimum and maximum requirements. Full-Time Fixed-Amount grant applicants are not required to identify that amount in the application.

Table 2: Minimum and Maximum Living Allowance

Service Term	Minimum # of Hours	Minimum Living Allowance	Maximum Total Living Allowance
Full-time	1700	\$12,100	\$24,200
One-year Half-time	900	n/a	\$12,800
Two-year Half-time	900	n/a	\$12,800
Reduced Half-time	675	n/a	\$9,600
Quarter-time	450	n/a	\$6,400
Minimum-time	300	n/a	\$4,300

C. What are the exceptions to the living allowance requirements?

1. Prior to September 21, 1993.

If a program existed prior to the National and Community Service Trust Act of 1993 (enacted September 21, 1993), the law does not require a living allowance. If an applicant chooses to offer a living allowance, it is exempt from the minimum requirement of \$12,100, but not the maximum requirement of \$24,200.

2. EAP Fixed-Amount Grantees.

EAP grantees are not required to provide a living allowance, but if a living allowance is provided, it must comply with the maximum requirements set forth in the Living Allowance section above.

3. Professional Corps Grantees

Professional Corps members must receive a living allowance or salary, which must meet the minimum, but may exceed the maximum living allowance required for other AmeriCorps programs. Professional Corps member salaries are paid entirely by the organizations with which the members serve, and are not included in the budget. Professional Corps applicants may request funds for other costs, and must meet the regulatory match on these budgeted costs only, unless proposing a Fixed-Amount grant.

D. What is the Maximum Cost per Member Service Year (MSY)?

The Commission considers comparative cost per MSY in funding decisions. Cost per MSY is calculated by dividing the federal share of the budget request by the number of MSYs requested in the application. The cost per MSY does not include child care or the value of the education award a member may earn. The maximum amount an applicant may request per MSY is determined on an annual basis.

Continuation and recompeting grantees requesting a higher cost per MSY than in the previous year must include a compelling rationale for this increased cost in the Budget Adequacy/Cost Effectiveness section of the application narrative. **This applies even if the increased cost per MSY is less than the maximum.**

Table 3: 2011 Maximum Cost per MSY

Grant Program	Maximum
Individual State Program	\$13,300
Indian Tribes	\$13,300
Professional Corps	\$2,500
Professional Corps Fixed-Amount Grant	\$2,000
Education Award Program Fixed-Amount Grant	\$800
Full-time Fixed-amount Grant	\$13,000

E. What are the member enrollment requirements for existing grantees?

We expect grantees to enroll the full number of members included in their grant award. *Enrollment rates have a direct bearing on the number of slots and the size of awards approved in the continuation and re-compete processes.* Applicants that do not fully enroll are likely to receive a decrease in funding. Continuation and re-competing grantees that haven't achieved full enrollment in the previous year must provide an explanation in their application and describe a corrective action plan.

F. What are the member retention requirements for existing grantees?

We recognize retention rates may vary among equally effective programs depending on the program model. We expect grantees to pursue the highest retention rate possible. *Retention rates will have a direct bearing on the number of slots and the size of awards approved in the continuation and re-compete processes.* Applicants that do not retain members are likely to receive a decrease in funding. Continuation and re-competing grantees that haven't achieved full retention in the most recently completed program year must provide an explanation in their application and describe a corrective action plan.

G. What is the amount of the Segal AmeriCorps Education Award for FY 2011?

B. Notice of Intent to Apply

If you intend to apply as a new Formula applicant, please send an e-mail by January 14th by 3:00 p.m. CST to Jamie S. Dent at Jamie.S.Dent@tn.gov with your Notice of Intent to Apply. Although submission of the Notice of Intent to Apply is not mandatory, your e-mail will help the Commission to plan more efficiently for review. In your e-mail, include the name of your organization, address, contact person, and phone number. Or, you may mail a letter of intent to the address in Section IX., Agency Contacts, below.

C. Universal Identifier

Applications must include a Dun and Bradstreet Data Universal Numbering System (DUNS) number and register with the Central Contractor's Registry (CCR). **The DUNS number does not replace an Employer Identification Number.**

DUNS numbers may be obtained at no cost by calling the DUNS number request line at (866) 705-5711 or by applying online: <http://fedgov.dnb.com/webform>.

The website indicates a 24-hour e-mail turnaround time on requests for DUNS numbers; however, **we suggest registering at least 30 days in advance of the application due date.** Expedited DUNS numbers may be obtained by following instructions found here: <http://smallbusiness.dnb.com/establish-your-business/12334338-1.html>.

CCR is the primary registrant database for the U.S. Federal Government. CCR collects, validates, stores, and disseminates data in support of Federal agency contracts, grant awards, cooperative agreements, and other forms of federal assistance. All grant recipients are required to maintain a valid registration, which must be renewed annually.

We urge applicants that are not already registered with the CCR to begin the registration process immediately in order to avoid any delays in submitting applications. Applicants must have a DUNS number in order to register with the CCR. It typically takes 3-5 days to finalize CCR registration. To register online go to www.bpn.gov/CCR.

D. Content and Form of Application Submission

1. Submitting in eGrants

The Commission requires that all applications be submitted electronically via the Corporation's web-based application system, eGrants. Competitive applications must arrive via the web-based application system, eGrants, by November 12, 2010 at 3:00 p.m. CST in order to be considered for funding. Formula applications must arrive via the web-based application system, eGrants, by January 14, 2011. The Commission reserves the right to extend the submission deadline. Any notice of such extended deadline will be posted on our website – <http://volunteertennessee.net>.

We recommend that applicants create an eGrants account and begin the application at least three (3) weeks before the deadline. Applicants should draft the application as a word processing document, then copy and paste the document into eGrants no later than ten (10) days before the deadline.

Contact the eGrants Help Desk at 888-677-7849 if a problem arises while creating an account, preparing, or submitting an application. Be prepared to provide the application ID. eGrants Help Desk hours are 8 am to 8 pm ET Monday through Friday.

If technical issues will prevent an applicant from submitting an application on time, please contact the eGrants Help Desk prior to the deadline to explain the technical issue and receive a ticket number. If the issue cannot be resolved by the deadline, the applicant must continue working with the eGrants Help Desk to submit via eGrants.

2. Late Applications

The Commission may consider an application after the deadline, but only if the applicant submits a letter explaining the extenuating circumstance which caused the delay. The letter must be sent to Jamie.S.Dent@tn.gov within the 24-hour period following the deadline. Late applications are evaluated on a case-by-case basis.

If extenuating circumstances make the use of eGrants impossible, applicants may send a hard copy of the application to the address below in Section X. Agency Contacts, via overnight carrier. Please use a non-U.S. Postal Service because of security-related delays in receiving mail from the U.S. Postal Service. All deadlines and requirements in this *Notice* apply to hard copy applications. Hard copy applications must include a cover letter detailing the circumstances that make it impossible to submit via e-Grants.

Do not submit supplementary materials such as videos, brochures, letters of support, or any other item not requested in these application instructions. The Corporation and/or Commission will not review or return them.

VI. APPLICATION REVIEW INFORMATION

A. What are the Selection Criteria?

Each application must clearly describe a project that will effectively deploy AmeriCorps members to solve a significant community problem and respond to the following criteria.

1. Program Design (50%)

In assessing Program Design, reviewers will examine the degree to which the applicant clearly describes and convincingly links four major elements: (1) the problem(s) identified, (2) the solution that will be carried out by AmeriCorps members and community volunteers, (3) the ways in which AmeriCorps members are particularly well-suited to deliver the solution, and (4) the anticipated outcomes. Specifically, reviewers will assess the extent to which the applicant:

- Provides persuasive evidence that the identified problem exists in the targeted community(ies).
- Demonstrates that individuals recruited and selected to be AmeriCorps members will:
 - Have the appropriate backgrounds, qualifications and skills to succeed.
 - Receive orientation, training, and supervision to ensure impact in the community.
- Provides evidence that the program will provide AmeriCorps members a powerful service experience that leads to continued engagement in active civic participation.
- Makes the case that engaging AmeriCorps members is a highly effective means of solving the identified community problem(s).
- Describes, to the extent possible based on evidence, how the activities in which AmeriCorps members and volunteers will engage will have a measurable impact on the identified community problem(s).

If a new applicant is already working on the problem(s) identified in the application, the applicant should describe these efforts and impact to date and describe how the proposed use of AmeriCorps members will add value, i.e., be more effective than what is currently being implemented, or enhance existing efforts.

2. Organizational Capability (25%)

Reviewers will assess the extent to which:

- The organization has the experience, staffing, and management structure to plan, implement and evaluate the proposed program.
- The organization has secured, or describes an effective plan for securing, the financial and in-kind resources necessary to support program implementation and to demonstrate community stakeholder support.
- Multi-state applicants have consulted with state and territory service commissions to ensure non-duplication and coordination of Corporation resources.
- Current or previous AmeriCorps grantees filled the member positions they were awarded and retained the AmeriCorps members they enrolled or have provided an explanation for less than 100% enrollment and retention.

- The organization has a well-developed plan for expanding on its success through expansion or assuring adaptation of its program model by other organizations.

3. Cost Effectiveness and Budget Adequacy (25%)

For cost-reimbursement grants, reviewers will assess the extent to which:

- The budget is clear, reasonable, cost-effective, and in alignment with the program narrative.
- The requested funds do not exceed the maximum cost per Member Service Year (MSY), or for existing programs, have not increased over previous years.
- Programs budget funding (approx. \$2,000) for travel to Commission events, such as; Program Director retreats (2/year), and statewide events (Make A Difference Day, MLK Day, AmeriCorps Week).

For EAPs and Full-Time Fixed-Amount grants, reviewers will assess:

- The amount requested per member. Fixed-Amount applicants are encouraged to request less than the full maximum amount allowed per MSY. The amount requested is a competitive factor in the selection process.
- The applicant's understanding of total program cost and capacity to raise additional resources beyond the Fixed-Amount.

B. What are the goals of the review and selection process?

The Commission's review and selection process is designed to:

- Give every eligible application full and fair consideration.
- Select a high-quality, well-balanced portfolio of programs that will engage AmeriCorps members in solving pressing problems in communities across the nation.

The Commission's assessment of applications involves a wide range of factors and considerations. As in the past, the Commission will engage external reviewers to provide insight and input with respect to eligible applications. In addition, Commission staff will apply their experience and expertise in evaluating applications. In the end, the review and selection process will produce a balanced set of high-quality programs that represent the priorities and selection factors described in this *Notice*.

Specifically, the review and selection process is designed to:

(1) Identify eligible applications that satisfy the following considerations:

- High-quality response to criteria articulated in this *Notice*, above.
- Priorities, in the order of preference stated in this *Notice*, above.
- Additional Considerations:
 - Recruitment and deployment of community volunteers to leverage impact.
 - Commission rank and recommendations.
 - Data on applicant history and performance.
 - Relative risk and opportunity.
- **Strategic Characteristics:**
 - Building capacity for individuals, nonprofits and communities to solve problems.

- Expanding opportunities to serve; particularly for new Americans, low-income individuals, rural residents, older Americans, veterans, members of faith-based organizations, communities of color, Native Americans, and people with disabilities.
- Embracing innovative approaches to solving problems.

(2) Compile a balanced portfolio based on the following characteristics:

- Geographic representation.
- Equitable treatment of
 - Rural and urban communities.
 - Small and large programs.
 - Single and multi-state programs.
- Involvement of underserved and economically disadvantaged communities.

C. What are the stages in the review and selection process?

1. Compliance Review

Commission staff will review all applications to determine compliance with eligibility deadline, and completeness requirements. Applications that are submitted by eligible organizations, submitted by the deadline, and that are complete, will advance to External Review.

2. External Review

External reviewers will assess applications based on the Program Design criteria. Each application will be reviewed by at least three external reviewers. Reviewers will be recruited and selected on the basis of demonstrated expertise in AmeriCorps programming, and/or the selection criteria, focus areas, and national performance measures as described in the amended *Notice*. All external reviewers will be screened for conflicts of interest.

3. Selection of Applications for Internal Review

Following the External Review, Commission staff will review all submitted applications.

4. Internal Review

Commission staff will assess Program Design, particularly focusing on evidence-basis for the proposed solution(s) to the identified community problem(s), appropriateness of national service as a solution, and potential quality of the member experience; Organizational Capability; and Cost Effectiveness and Budget Adequacy. Following staff assessment, some applicants may receive requests to provide clarifying information. Clarification information is used by Commission staff in making final recommendations to the Board of Directors. A request for clarification does not guarantee a grant award.

Commission staff will determine which applications to recommend for selection based on the results of External Review, Internal Review, and Clarification; and the priorities, balancing characteristics, additional considerations, and strategic characteristics listed above.

5. Selection

The Commission's Board of Directors will select the final portfolio based on staff recommendation, and considering overall quality, priorities, balancing characteristics, additional considerations, and strategic characteristics listed above.

D. What feedback will applicants receive?

Following grant awards, each applicant will receive the results of external and, if applicable, internal review pertaining to their application if requested.

E. Will the priorities also be used in making decisions regarding continuation expansion requests?

Yes. Requests for continuation expansions will be assessed using the same priorities as the new and recomplete applications.

F. How long will the selection and review process take?

Processing and selecting applications for funding will require approximately four months.

VII. AWARD ADMINISTRATION INFORMATION

A. When will grants be awarded?

The Commission will award grants following the grant selection announcement. We anticipate announcing the results of this competition by the end of June, 2011.

B. What documents govern the grant?

The AmeriCorps regulations and grant provisions are incorporated in the Notice of Grant Award. The Notice of Grant Award incorporates the approved application as part of a binding commitment under the grant.

C. What is the Project/Award Period?

The Commission generally makes grant awards for three years, with funding in annual increments. Grantees will be eligible for continuation funding in the second and third year contingent on the availability of appropriations, compliance, and satisfactory performance. **The project start date may not occur prior to the date the Commission awards the grant and secures a contract with the grantee. AmeriCorps members may not begin service prior to the beginning of the member enrollment period as designated in the grant award. A program may not certify any hours a member performs prior to the beginning of the member enrollment period.**

D. What are the reporting requirements for these grants?

Grantees other than Fixed-Amount grantees are required to provide bi-annual progress reports, quarterly financial reports, and an internal or external evaluation report as required by the AmeriCorps regulations §§2522.500-2522.540 and §§2522.700-2522.740.

If you receive an award, you will be required to report at www.FSRS.gov on all subawards over \$25,000 and may be required to report on executive compensation for your organization and for your subgrantees. You must have the necessary systems in place to collect and report this

information. See 2 C.F.R. Part 170 for more information and to determine how these requirements apply.
